Dear Mr. Casey:

As I listened to people from all over the country during the past few months, I was impressed by their enthusiasm for solving problems through private, voluntary efforts. I am asking you to relay that message in your department or agency during the final stages of this fall's Combined Federal Campaign.

John Block, this year's CFC Chairman, has told me that he is encouraged by the results so far. I understand, however, that we still have more to raise in the short time remaining before the Victory Luncheon, and I encourage you to do your best.

Americans are the most generous people in the world. Please make sure that every employee in your organization has the opportunity to "catch the spirit of giving." I am looking forward to hearing that we have met and surpassed the $17.7 million goal for the National Capital Area that was set some months ago. I know we can do it.

Sincerely,

Ronald Reagan
